And earlier this divine obligation to analyze the content of the speech utilizes verses and sayings Individual narratives. Wise leader Imam Khomeini and the Islamic Revolution have great times in your life blessed with beautiful expressions, Simple and pleasant to explain various aspects of the importance of prayer and the establishment of a more magnificent. In the book "keep up with the sun," she quoted from Imam's wife Khadija was Saghafi Imam we were a little advice. Seven years in the religious education of their accuracy. That is to say: Children from seven years of worship. The kids get to prayer now, so when they were nine years old, they are accustomed. I told them: education and the other with me pray with you. Tell you. I say, do not listen. They were bound and ask. But as the kids would say, "I", and curiosity were not accepted (Sotodeh, A. 1995). Farideh Mostafavi-daughter of Imam Khomeini in the corner of his memoirs, said: "In terms of training, he himself was a model for us. When do we say "do not do "And we saw them do not live it, we do not have to be. For example, we were told " :You must pray," they were half an hour to noon ablutions and prayers were busy and we were playing in the yard. Once they did that voice: "Girls! Stand for prayer. Come, I am standing behind me or pray for yourself. "He finished the year of prayer, prayer But once told us that: I take your hand, the prayer time; remove your hand from the game And stand up for prayer, "but you said you should pray during this time, Woe to anyone who read prayers during this time, then if it does not read the prayer should go out of the house . The children did not, sir. The way he was treated Did not wake up one morning and said to yourself if you get up, get up, read a prayer, if you do not wake up, Be bound by the afternoon, before the noon and afternoon prayers you happen to do your morning prayer. Winter time is up; we went to the pool to take ablution, if a little hot water had said : Let's get this and if there was no hot water for ablution. We do not strict about prayer. Hopefully the good effects in this direction have left their children. Mrs. Marzieh Hadidchi tanning memories of expression said: "We've heard that prayer is the pillar of religion. The man of prayer is open all the ugly things. But most have failed to understand this verse and

prayer in order to do the job and the observance of the law of prayer, which could be regulatory in all aspects of life and all the demands of the divine and the human, the low note. Imam accuracy of prayer and the prayer was so impressive French police on the amount of traffic they watch them. Perhaps this is precisely the time for prayer, most people do not understand, but when a man reaches this degree, that it can pay to watch Gary heaven and earth, it is natural to him. When the Imam to pray standing, I felt that all their heart, prays. When too many people to protect the brothers stood, and said: You do not need in the hour of prayer to pray. According to the tradition of Imam Khomeini in prayer in the family and community to express ten top of his remarks in the context described above.

RESULTS AND DISCUSSION

Drug Prayer Of Healing Spirit

Imam Khomeini's religious and political aspects of Islam and the quality of the Islamic government has said that the prophets have invited you to it, such as prayer, fasting, such as the Hajj, so many things, these things Which are copies of actual doctor that you have come to the stage of perfection I hear that there are some young we look to the laws of Islam, such as prayer, which is very important in Islam, These are all very much and Tom are not the problem, The problem is that young Muslim curse is that you have copies of the physicians of the soul, God forbid, do not act and then at the end you'll be a time for repentance and then the other arm is short. By the prayer of peace of heart and spirit will be provided. Prayer and song monotheism is like a strong shield our spirit in the face of contaminants that we face in our daily lives to protect. Prayer is a wake-up call and a warning to people at different times of the day that warns and he wants to night and day sense and another day began. Muhammad (PBUH) said: Allah pray for the glory of your pride, and "justice" in the context of cooperation and solidarity (Sotodeh, A. 1995). In the Hadith, the prayer as "Ascension of the believer" is mentioned. But the emergence and flight, neither under the open sky, but in an atmosphere of worship and spirituality to achieve the "nearness of God", not soar to several thousand feet in height. Man of God, the more acquainted with the grandeur of God, not God, he becomes smaller (Sotodeh, A. 1995). Imam Ali said in the sermon: God is great lives and others have little value. In the preface to the book "liturgy" states: It must be understood that the physical act of worship and prepare the soul for all of them (especially the creation of the attention and the heart prays at the time) is of much importance. But in fact seek to gain a direct relationship and to demonstrate the importance of humility in prayer meditation mental relaxation in the Qur'an is sufficient Finally, if we consider the difference between verbs and remembrance and prayer as a metaphor to express Actions "such as bowing and prostrating and standing" body, and requirements of the heart and soul of our attention called and it is clear that the people have souls and hearts figures beam (Shabestari, 1961).

Prayer is one of the factories

Prayer factory is one of the wise leader of the revolution in his speech said: Prayer in Islam is no higher duty. Prayer is the foundation of the nation. Sayyed-shohada the Ashura in the war and it was a great war and all were in danger when one of the parties is that the noon prayer and said that my mind did you can count the worshipers of God and stood praying in the same place. I do not say that we want war, if war were to prayer. Ali when an issue, one thing he asked and stood in the midst of war, replied, War on Islam is not something that is itself an issue, War is for the garbage that is, those that prevent the introduction of Islam, Muslims are those that impede progress, take them out of the way, Target is to implement Islam and the Muslim people are right. Factory is a man of prayer (Anonymous, 1982). O man, you think you're a small body, while you lay in the big world. Prayer is a divine master stroke that God values all the way to put it. What is the value of human perfection is to be found in prayer (Gharati, M. 2009). For example, the migration of the most important values of our faith and prayers for the migration of the Prophet Abraham He leaves his wife and child on the side of the Kaaba: Our Lord! My children living in the arid desert has got to be saying prayers. Interestingly, Abraham says: I migrated to observe Hajj, but say: My goal was the migration of saying the prayer. However, all values of the Lord in prayer and prayer and to pray with them.

Prayers to prevent prostitution and deny

Imam Khomeini in terms of the statements that we have heard over the media said restitution and evil, prayer, prayers, good and evil of prostitution outside the nation. The centers that have been corrupted, this is the lack of prayer. Reader prayers in mosques and are ready to serve, Do not empty mosques, homework today (Anonymous, 1982). Prayer is the ugliness, the cleanliness, conditions, habits and customs are. Some necessary and some of the literature and recommended some command and its traditions. This collection makes prayer. Because the natural world, the mutual influence, as someone who does not pray prostitution and deny the success. This is a mutual

conflict. You cannot have a prayer in front of her prostitution. However, the negative effect of prayer is not for prostitution. As worshipers of prostitution are holy, Man indecent or obscene conduct or bad luck does not have a prayer. If prayer is the sin takes away the sin the success of the worshipers, or does one prays or read if only for the duty. People who pray the prayer is not fun (Anonymous, 1982).

Fill out the prayers in mosques and prayer in congregation

Imam Khomeini brought about prayer in congregation says: "If there's a short prayer and good to tell everyone I'm alone in my house, singing, prayer in congregation read the good society is a must. Fill mosques. These mosques are afraid. I have homework to do, I tell you, and you are a college! Your students! Fill all go to your mosques, Here is the trench, trench shall be filled. Altar to say that since the start of the war, Today of all days we are more sensitive to the fact that everything is correct and the accumulated evil of the Now that everything was right and they were disappointed not to get things running. Be prepared for little empty open mosques (Anonymous, 1982). I now oppressed and the nation's noble Iranian nation would recommend Friday Prayers and prayer is the prayer that expresses the political Do not neglect the Friday Prayers of the greatest favors of God is the God of the Islamic Republic of Iran. The Holy Prophet (SAW) said: Two are better than one, two and three and four of the top three is better, always with your congregation. The Prophet said to present a prayer Hurry before it's time to lose (Forouzanfar B, 1982). Friday Prayers and establish the prayer and brought to enjoin good and forbid evil emphatic condition of the Muslims. The condition set forth in congregational prayers in Islam. Again the Prophet said: Every inch of a congregation that God collar around his neck Muslim practice.
